WANTS BOARD TO BUY TEXT BOOKS

State Board of Education Advertises For Four-Year Supply.

WILLIAMS' NEW PLAN.

Superintendent Via, of Patrick county, Resigns in Interest of Party Harmony.

Richmond, Va., Nov. 19.—The creation of a new state board to purchase textbooks for the public schools and to make contracts with publishers after the books have been selected by the State Board of Education is proposed in a resolution offered at a meeting of the State Board of Education yesterday by Attorney-General Samuel W. Williams. The measure was debated for some time, but as it involves a distinct change of policy, which may have a far-reaching effect, the board took no action allowing the resoluton to lay over until the January meeting, when it will be further considered

The presnt school book contract expire with this session. It order that members of the board may not be harrassed by agents of book publishing concerns ,a resolution was adopted declaring that prior to March 15 1914, the board would not hear agents or representatives of book concerns in person but would receive and consider written statements in regard to books proposed to be used in the Virginia schools.

The secretary was instructed to advertise for proposals for furnishing the schools of Virginia with textbooks for a period of four years bids to be submitted on or before April 15 1914. The board expects to adhere to its policy of a single list in the elementary grades, giving some option as between textbooks approved for use in the high schools.

Accounts for the summer normal schools were approved and a large amount of routine business transacted, the board holding two long sessions. Communications from division superintendents who are not giving their whole time to the work of the schools were considered. In some cases the salary paid does not justify the entire time of the superintendent, and in the case of several professional men it was stated that they give several days each week to the school. The papers wer laid over for consideration in connection with the annual reports which show the number of schools visited, the amount of time given to the schools, and other information, which will enable the board to pass on each case on its merits.

The resignation of George W. Via, as superintendent of schools of Patrick county, was received and accepted to take effect February 1. At the summer meeting of the board various charges against Mr. Via were heard at length, with the result that he was re-elected. There were evidences at the time of a factional fight in the Democratic party in Patrick county, and a few days before the general election, in order to secure party harmony, Mr. Via presented his resignation, his friends holding that his recnt reelection wa sa complete vindication of the charges filed. There are two applicants for the position, but in order to look further into the matter,the election of a successor was deferred to a meeting to be held on January 23.

NEWS OF THE DAY.

Protestant clergymen of Washington have launched a protest against the official atmosphere they contend is thrown about the annual Pan-American Thanksgiving mass in St. Patrick's Church, this city which generally is attended by the President, members of the Cabinet, justices of the Supreme Court, the diplomatic corps and other dignitaries. President Wilson has accepted an invitation to attend this year. The Rev. R. H. McKim, former president of the Episcopal House of Deputies, is the author of a resolution adopted yesterday by the Episcopals, Lutherans, Baptists, and Disciples of Christ clergy, and which will be considered by the Presbyterian clergymen Monday.

Appearing before the State Public Service Commission at Wheeling, W. Va., yesterday in defense of advances in natural gas rates in Northern West Virginia towns, General Manager T. O. Sullivan, of the Manufacturers' Light and Heat Company, of Pittsburgh, declared that within 10 years the supply of gas in this state will have been exhausted. This was one of his arguments for the advance in rates.

One of the most spectacular gun battles among gangsters in New York in recent years was fought at the doors of a clubhouse on the lower East Side late last night. Three men were seriously shot and many others were wounded. Seven were arrested after police reserves finally dared to break up the fight. Gangsters crouching behind trees, ash barrels, and other obstructions opened fire on the clubhouse. Men within sprang to the doors and windows and answered the attack. Fifty shots were exchanged, while detectives blew their whistles for aid. One man's eye was shot out. Another is dying from bullet wounds in the back. A third was shot in the legs, which will be amputated, in an effort to save his life. Many men escaped over the roof, carrying their wounded with them. Six revolvers were found in the club house and six more in the street. The men arrested refused to tell the cause of the trouble.

Revolvers take the place of powder puffs in the handbags carried by Chicago's 10 police women. It had been generally supposed that the police women were unarmed until yesterday when Officer Clara Olsen was discovered carefully oiling her firearm. "I guess we might as well tell the truth," she said. "The revolvers form the powder puff that might be supposed to be in the bags which we carry in our left hands. It is a handy place for the weapons and I believe we could get them out quickly if necessary."

Prince Stanislaus Sulkowsky, of Austria, who was married at Los Angeles, Cal., two months ago to Miss Marie Louise Freese, daughter of a Los Angeles capitalist, has been indicted on a charge of having brought Mrs. Clara Melcher, a Viennese laundress, into the United States for immoral purposes. The prince and his bride are spending their honeymoon in the Orient.

President Wilson let senators know in positive terms yesterday that he is opposed to the movement for an adjournment of the session next Saturday. The whole county has become acquainted with the charge that one reason for this adjournment from the congressional view point is the mileage that would follow. The President and leaders in both houses are not willing to create an opportunity for such a public scandal. Yesterday the President told several of his visitors that the country would charge Congress with adjourning for this reason only, and urged them to discountenance the proposition.

Guarded by a small dog, Father Velasquez, one of the professors at the monastery at Rosaryville, La., was found dead early yesterday in the woods near the institution, after being missed since Saturday. Another large dog led the searching party at the place where the priest was found. His death is attributed to heart failure. Velasquez had formerly been stationed at Manilla, where he had been rector of the university for ten years. Father Velasquez was 53 years of age. He was the first rector of the University of Manila after the Spanish-American war.

STATE'S FINANCES IN GOOD SHAPE

Accountant's Report Has But Few Recommendations to Make.

SYSTEM IS UNJUST.

Road Farm Accountants Should Change Methods—Cost of Convicts Per Capita.

Richmond, Va., Nov. 19.—The state accountant's report has been sent to the public printer from the Governor's office and according to it, the accounts of the various state departments and institutions are accurate and complete. But few recommendations are being made in the report, these being entirely concerned with changes in the systems of accounting at several of the institutions.

The public debt was reduced $199,200 during the year, according to the report, which also shows that the state was holding $584,900 in the Richmond, Fredericksburg and Potomac Railway Company as well as $14446 868.49 in various city and social institutions.

The $91 000 deposited in the suspended Commonwealth Bank has been recovered.

During the year $1,239,483.54, the amount of the last appropriation, was expended by the State Board of Education. The sum of $180,000 was used in good roads work, while $64,506.73 was expended of the $72,147.74 military appropriation. Expenses of the soldier's home are shown to have been $46,000.

The property of the State in schools, hospitals and asylums is large, and its value totals into the millions. The reports of the various institutions show that most of them have a balance with which to begin the new year.

Of the recommendations made the most important is that regarding the system of accounting at the State farm. The present system is termed "erroneous and unjust to the management, and the recommendation is made to charge off the old balance of $47,278.00, now carried as liabilities, and to charge a fixed amount for the number of profitably employed prisoners crediting the farm support of all others. The accountant shows that there is a prison fund of $16,416.60, with 1,077 prisoners—a percapital cost for the ten months, which the report covers, of $109.82. On the roads there are 1103 prisoners in eighteen camps, at a per capital cost of $100.33.

PREACHERS ASSIGNED.

Bishop Denny Reads Appointments For Virginia Conference.

Danville, Va., Nov. 19.—The Virginia Conference, Methodist Episcopal Church South, adjourned last night with the reading of the appointments by Bishop Collins Denny.

The chief discussion of the day centered about the memorial which recommended that before making the appointments the presiding bishop and the presiding elders shall consult preachers and charges. There was opposition from several members of the conference, who said they were satisfied to receive appointments from the bishop without being consulted.

Other important memorials passed was the recommendation for the establishment of an episcopal residence in the Orient, and that no presiding elder shall serve for longer than four years in succession.

Women were denied lay rights by a vote of 113 to 111, following several days' discussion.

REVIVAL SERVICES.

Rev. Dr. W. J. McMillan Preaches Again in the Second Presbyterian Church.

The interest in the revival services which were begun Monday in the Second Presbyterian Church, is growing, and the congregation last night manifested the same by close attention to Rev. Dr. McMillan's sermon. The latter took for his text, Acts 1., II—"Ye men of Galilee, why stand ye gazing up into heaven? This same Jesus which is taken up from you into heaven shall so come in like manner as ye have seen him go into heaven."

The speaker dwelt on inertia, and showed that a great responsibility rested upon every Christian to aid in the spread of the gospel. There were he said, many well-wishers for the success of the church, but such failed to realize the fact that they are called upon to be workers. Many prayed for the Lord of the harvest to send more laborers into the field, when they had it in their power to answer their own prayers.

Dr. McMillan will preach again tonight at 7:45 o'clock.

PATIENTS IN INSANE ASYLUM.

State is Now Caring For 4,294 White and Colored People

Richmond Va., Nov. 19.—The annual report of the General Hospital Board was filed with Governor Mann yesterday by J. M. Bausserman, commissioner of State Hospitals. It shows that at the close of the year the State had in its care in five institutions for the insane and epileptic a total of 4,294 patients, an increase over the previous year of 671.

There were at the close of the fiscal year 1,160 patients at the Western State Hospital, at Staunton; 752 at the Eastern State Hospital, at Williamsburg; 1,556 at the Central State Hospital for negroes, at Petersburg; 682 at the Southwestern State Hospital at Marion, and 144 at the Epileptic colony near Lynchburg.

The report goes at some length into the percapita cost of maintenance of patients at the various institutions, due to varying cost of supplies and the reduction in some instances, due to large farms maintained in connection with the institutions. The per capita cost is reported as follows: Eastern, $136.41; Central, $102.50; Southwestern $130.06; Western, 116,51; Epileptic Coloney, $206.28. While the cost per patient at the Epileptic colony is much higher than the genral average, attention is called to the fact that the institution has been running only a short time and is not yet fully equipped, and that hereafter many economies can be introduced that were not practicable hertofore. A number of improvements are recommended at the various institutions.

NEGRO BARRED FROM DEBATE.

Southern Medical Association Convention Thrown Into Uproar by His Appearance.

Lexington, Ky., Nov. 19.—The annual convention of the Southern Medical Association was thrown into uproar yesterday during symposium on the negro, by remarks of P. D. Robinson, a negro physician of Philadelphia, who attempted a defense of his race on charges that the negro is a disease carrier.

Several physicians had addressed the convention briefly on the subject of disease-infected negro servants and the danger of their communicating diseases to members of white families in whose homes they are employed. One speaker suggested that the family physician should examine servant of the household at proper intervals and in this way possible spread of disease would be checked. The negro was declared to be a good imitator, and it was remarked that he usually contracted the same diseases from which white people suffer.

Asking the privilege of the floor, Robinson said it was true that the negro sometimes imitated the bad traits of the white man as well as the good traits. He declared his experience and observation had led him to believe the negro, with good environment, who worked for white people whose homes were clean and who otherwise were careful in observing theories of sanitation, usually made a decidedly improved citizen.

REBELS CAPTURE CIUDAD VICTORIA

Battle is Described as Having Been the Bloodiest of Campaign.

600 FEDERALS SLAIN.

Meeting of Mexican Congress Will Mean Renewed Defiance to President of the United States.

Washington, Nov 19—Ciudad Victoria, capital of the State of Tamaulipas it is now known,is not only in the hands of the constitutionalists, but it is declared that the entire garrison was slain. Six hundred men were shot down, and the commander of the attacking forces describes the battle as one of the bloodiest of the present revolution. The capture of Victoria completes the rebel control of the northern tier of Mexican states.

Final arrangements for the meeting tomorrow of the next Mexican congress were taken in Mexico to mean renewed defiance to President Wilson. Mexicans were surprised that America had not prepared to actively oppose the convening of the new body.

The belief was expressed in Mexico City that if Huerta intends to resign he already has notified the Washington government or he will do so to the new congress.

Washington constitutionalists' agents learned that Japanese had started the first consignment of arms and ammunition ordered by Huerta, and that the rebels would take steps to prevent delivery.

Mr. Bryan announced no time limit had been set for a blockade of Mexican ports or on any other possible move in the situation.

Credentials of William Bayard Hale Mr. Wilson' agent on the border, were demanded by the constitutionalists before further conferences were held. This was regarded as a virtual move for recognition, and instructions are believed to have been sent to Hale to end the negotiations

Instructions are believed to have been sent this morning to Dr. William Bayard Hale, telling him to conclude at once negotiations which have been in progress betwen himself and General Carranza, chief of the constitutionalist forces in Mexico.

Washington, Nov. 19.—Gifts in great numbers have been received at the White House during the past few days for Miss Jessie Woodrow Wilson and Francis B. Sayre, who are to be married next week.

LAWYERS PUZZLED.

Courts Yet to Determne How William Fleming is to Expiate Crime.

Luray, Va., Nov. 19.—This county is interested in the mode of death punishment to be inflicted upon a Pennsylvania murderer, William Fleming, charged with shooting to death in the city of Harrisburg some time ago William Slater, a brother of John Slater, a Luray barber.

When the murder was committed hanging was the mode of inflicting the death penalty. Since that time by an act of the legislature electrocution was substituted for hanging. When the case came to trial the latter mode of death was for first degree murder.

Now the courts are in a quandary as to how Fleming shall be put to death, distinguished lawyers claiming that as the crime was committed while hanging was the punishment that hanging it should be.

Others of equal ability declare that it would be unfair to Fleming to try him while a certain form of punishment was effective and have him amenable to a form that had been nullified by an act of the state's law-making body.

MAN IS KILLED IN A KANSAS CITY HOTEL

Reconciliation Meeting Fails To Disarm Furious Doctor.

HE GIVES HIMSELF UP.

Detective Had Assured Irate Husband That His Suspicions Were Entirely Unfounded.

Kansas City, Mo., Nov. 19.—"I've done it," said Dr. W. T. Elam, a St. Joseph, (Mo.), physician, calmly walking to John T. Glynn, a detective, and V. D. Rosseau, a lawyer, in the lobby of the Hotel Baltimore.

"Done what?" asked Glynn.

"I've shot him," 'was the reply.

The two men rushed upstairs to the room of Putnam Cramer, of Chicago. He lay dead on the floor, a bullet wound just under his hear. Cramer was an advestising agent for an eastern magazine. He came to Kansas City with Rosseau, a cousin, to meet Elam, who had accused him of paying too much attention to his wife. He had come at the suggestion of Glynn to explain to Dr. Elam that there had been nothing improper in their conduct. While Dr. Elam was being taken to the police station the detective related the events that led up to the tragedy.

Three months ago, said while in his office, Dr. Elam overheard on an extension telephone a message read by a telegraph company to Mrs. Elam, who was in an outer office.

The message requested that Mrs. Elam ,who is thirty-nine years old and beautiful, meet Cramer a the Hotel Baltimore the following day. Dr. Elam employed Glynn to trail Mrs. Elam to Kansas City and observe the meetnig.

Dr. Elam told John Torpey, house detective, at the hotel, that he and his victim grappled,and the revolver went off accidentally. Later he said that when he went into the room he charged Cramer with paying attention to Mrs. Elam, and Cramer denied it.

A meeting of the Board of Trustees and the board of managers of the Alexandria Hospital was held in the rooms of the Chamber of Commerce last night, the meeting having been called for the purpose of receiving the report of the special committee appointed at the public meeting held some weks since as to ways and means of raising funds necessary to erect a new hospital building. The report of the special committe was read and unanimously adopted.

The charter of the hospital was granted in 1872 by the General Assembly of Virginia under the name of the Alexandria Infirmary and was amended in 1901-1902 so as to change the name from Alexandria Infirmary to the Alexandria Hospital. In the original charter there were twenty-eight incorporators, representing all the various religious denominations in the city at that time, and it and the amendment thereto are entirely non-sectarian. The result of the meeting last night was to the effect that the charter shal lcontinue non-sectarian, and that only such amendments be made in the charter as may be necessary to suit modern conditions and the growth and development of the hospital as an institution of the city of Alexandria.

A special committee was appointed, consisting of Wm. B. Smoot, Worth Hulfish, James R. Caton, Gardner L. Boothe, James M. Duncan, Julian Y. Williams, Mrs. R. N. Ballenger, Mrs. L. Wilber Reid and Miss Mittie Klipstein, to take under consideration such amendments to the charter as may be necessary to meet the present conditions and interests of the hospital, and to carry out fully the purposes and intent of the original charter.

GIRLS NEEDED FOR INDUSTRY.

Location of New Factory Depends on Securing Help.

The Chamber of Commerce has sent out the following circular.

"We have an opportunity to locate a new industry in Alexandria. A sewing room for the manufacture of athletic underwear.

This underwear is of an established make or brand, and the sewing room will be managed by a gentleman of long experience in the business.

The sewing room will be located as centrally in the city as is possible and the sewing machines will be operated by electic power: The work is light and the wages are graded according to the skill of the operator.

To secure this industry, it is necessary that we secure the names of about fifty ladies who will engage in this line of work.

We would request, that all girls and ladies who will engage in this work, call at the Chamber of Commerce, 102 south Washington street, and register their applications."

For the very best oysters served in all styles go to Rammel's Cafe.

Presbyterian Church Will Inaugurate Campaign For Hampden-Sydney College.

Richmond, Va., Nov. 19.—Rev. A. C. Bridgeman financial secretary of Hampden-Sydney College Endowment Fund, together with Dr. C. A. Blanton, of this city, called on Governor Mann yesterday and asked him to preside at a meeting to be held in the First Presbyterian Church Thursday night.

At that time a campaign will be launched looking to the raising of a fund of $100,000 for the endowment of Hampden-Sydney College. The work will be taken up in all the Presbyterian churches of the State on Sunday morning, and the work will be pressed with all possible speed.

There is to be a "spread" 'of some consequence at the meeting on Thursday night, and at that time Governor Mann will act as toastmaster.

WITHDRAWS PLEA.

Will Not Ask That Poll Books be Taken From Trehy and Placed In Other Hands.

Norfolk, Va., Nov. 19.—Citizens' Party Monday withdrew a previous action, asking Judge Hanckel of the Corporation Court, to order the poll books now in custody of James V. Trehy, clerk of the court, placed in the hands of another person.

Lawyers for R. W. Peatross, who is contesting Mr. Trehy's election, stated in their declaration, alleging fraud and irregularities, that they would ask the court to designate some other person than Mr. Trehy to have custody of the books.

Lawyers for Mr. Trehy, while contending that the law required the books to be kept in the custody of the clerk of the court, stated that Mr. Trehy was entirely willing to have the court enter any order which it deemed proper touching the custody and safe keeping of the same.

Lawyers for Mr. Trehy will file an answer to charges made by lawyers for Mr. Peatross this week. Some of the election judges against whom charges were made in the declaration, are preparing to begin legal proceedings it is said.

Judge Allen R. Hanckel, of the Corporation Court, before whom the contest is scheduled to be heard, announced today that he would not sit in judgment in the case. Governor Mann is expected to designate a judge to take the place of Judge Hanckel.

FINAL TEST FOR LICENSE.

Rikid Laws Will Shut Out All Who Are Not Medical Graduates.

Richmond, Va., Nov. 19. — After January 1, 1914, the bars go down and there will be no persons admitted to the practice of the profession of dentistry in this State who is not also a graduate in medicine and surgery. This is the law of the State enacted by the Legislature of two years ago, and is in line with the procedure to eliminate the class of practitioners who seek to come to Virginia for work when they are not permitted to practice in the States from which they have graduated. Incidentally, all persons graduating in the state will have to meet the strictest of examinations when they appear before the licensing boards

The State Board of Dental examiners has begun a final session for the year in the city meeting in the Medical College of Virginia for the examination of those applicants who desired to get under before the gates were lowered.

The work will last about two days more. The next examination will be held in June, 1914, soon after the colleges have closed for the season.

RICHMOND CHURCHES UNITE.

Grace Street Presbyterian and Westminster Churches to Consolidate.

Richmond Va., Nov. 19,—Formal plans for the union of Grace street Presbyteran and Westminster Presbyterian churches have been agreed upon by the joint committee and will be submitted to the two congregations for ratification on Sunday morning. It is provided that they unite under the name, "The Grace Presbyterian Church," that they jointly elect a pastor, and that they build a new house of worship west of Lombardy street and Grove avenue.

The merger will form a congregation of about 800 members and will give the Presbyterians a stronghold in the fast growing West End. At the present time Grace street Presbyterian church is located at Fourth and Grace streets but its building has been sold. The Westminster church is at Davies and Park Avenues. The tacit understanding is that the home of the united church will be built on one of the triangular corners lots on either Lee Circle or Stuart Circle. This however, will be left to the building committee composed of members of both churches.

WOULDN'T DENY REPORT.

Governor Mann Disposes of Ruomr That He Would Not Reappoint Rhea.

Richmond, Va., Nov. 19.—"I have no time to be denying fool reports in papers from time to time" said Governor Mann, when shown a paper which contained a story to the effect that the reappointment of Judge William F. Rhea, of the State Corporation Commission, to the position of collector of internal revenue for the Western District of Virginia was probable.

The story went on to say that some one other than Judge Rhea will be named as a member of the Commission. Those who are in a position to know ridicule the suggestion, saying that it was understood that Judge Rhea would be reappointed before the end of January, as required by law and this reappointment will be made by Governor Mann

Judge Rhea will be named to succeed himself as a member of the commission, and will accept and serve.

Fire in Danville.

Dnville, Va., Nov. 19.—Fire was discovered at 12:50 o'clock yesterday morning in the large hardware establishment of the Hodnett, Vass and Watson Company, on lower Main street, and at 1:10 o'clock had spread to the store of the Smith Seed and Feed Company, adjoining, and was rapidly gaining.

At 2:20 o'clock the fire was brought under control. The loss is estimated at $30,000.

Pope Pius X Monday received in audience 250 sailors and petty officers of the American fleet cruising in Mediterranean waters. The delegation, which was conducted by Chaplain E. W. THOMAS RITCHIE, VIRGINIA'S GREATEST EDITOR.

"Thomas Ritchie, a Study in Virginia Politics," is a book which should be of interest to all Virginian's, and especially to her editors. When "Father Ritchie" was the center of the social life of Richmond, when he reigned like an autocrat over the General Assemblies which convened there, and when he appeared on schedule time in his white Marseilles vest, thin pumps, and white socks at the office of the Richmond Enquirer, there was no more picturesque or important character in all Virginia than he. He was then the recognized "Napoleon of the Press," composing with Francis P. Blair of the Washington Globe and Edwin Croswell of the Albany Argus, the "Democratic Triumvirate' of editors, and wielding an influence which was nation wide.

It was as the editor of the Richmond Enquirer, which he founded in 1804, and continued to edit until 1845, that Ritchie won his fame. Beginning as the local spokesman of Thomas Jefferson, he continued in turn to speak for Madison, Monroe, Jackson, and Van Buren, leaving an indelible impress upon the whole country. He did much, possibly more, than any one individual to keep both Henry Clay and John C. Calhoun from the presidency and to raise Van Buren and Polk to that high office. Hugh Blair Grigsby, Virginia's most gifted biographer, has said of him, "He taught Virginians to think his own thoughts, to speak his own words, to weep when he wept, to wreathe their faces with his smiles, and above all, to vote as he voted."

In recognition of his services in the campaign of 1844, Polk called Ritchie to Washington to become the spokesman of the National Democratic party. Although in his 67th year, he accepted the call and became the editor and founder of the Washington Globe. In this capacity "Father Ritchie' became the political football of the rival sections during a time when sectional interests clashed as at no other time prior to 1860. Nevertheless, he did not despair of the republic, and continued to defend the rights of the states and the rights of the Union." After aiding Clay to secure the enactment of the compromise of 1850, he retired from the editorial world to die in 1854 lamented by the president, members of Congress, and numerous friends in all parts of the Union.

Prof. Charles H. Ambler, of Randolph-Macon College, Ashland, Va., has made a contribution to both the history of Virginia and the United States in giving to the public his biography of Thomas Ritchie. It shows that Virginia's influence was a power to be reckoned with even at times when it was thought to be dormant.

ATTEMPTS TO END LIFE.

K. C. Swart Takes Laudanum and Cuts Throat and Wrist.

Lynchburg, Va., Nov. 19.—K. C. Swart, who travels for J. W. Ould Company and who has been secretary for ten years of the Hill City Council, United Commercial Travelers, attempted suicide last night at the Roby Hotel by drinking laudanum and cutting his throat and wrist with a pen knife.

He was taken to the City Hospital and at midnight was reported in a critical condition. He is sixty-four years old, and has a wife and grown children.

Fatal Accident to a Boy.

Richmond, Nov. 19.—William Herman Guinter, twelve-year-old son of Mr. and Mrs. Edward Guinter, of 1005 Brock avenue, accidentally shot and killed himself yesterday afternoon while playing with a 32-calibre rifle in the backyard at his home.

The boy was gazing into the muzzle of the weapon when it was discharged. He fell to the ground with a wound under the left eye. He later died.

Some time ago Mr. Guinter bought the small rifle for his son. He cautioned him frequently never to use loaded cartridges, and in view of that warning it had been the boy's habit to shoot blank cartridges. Where he obtained the loaded shell which caused the death was not known.

NEWS OF THE DAY.

Sixteen miners are known to have been killed, and several others were still missing at a late hour last night, and are believed to be dead, as the result of an explosion yesterday afternoon in the Alabama Fuel and Iron Company's mine No. 2, near Acton.

Josephus Daniels, Secretary of the Navy, who was the guest of honor yesterday at a luncheon given by the Omaha Commercial Club, was asked about the Mexican situation. The Secretary said: "There will be no war with Mexico. The administration has no fear of any such trouble. The knot will be untangled in an amicable way and all the war talk is jingoism."

The first sounds to be transmitted across the Atlantic Ocean were notes of a trombone. This was learned yesterday in New York after the report that Marconi had succeeded in transmitting vocal sounds between Ireland and Canada by means of wireless telephony. Six months ago, according to J. H. Taylor, an engineer connected with the local offices of the Marconi Company, Marconi and his assistants made their first tests with the Canadian station at Glace Bay. At the latter station it was impossible to hear any of the vocal sounds sent out and the operators were told by wireless to listen while some one played a trombone. Very faintly the sounds could be distinguished. The difference between the test and the one made on Monday shows the progress made in the last six months.

AFTER PASSING YEARS.

Alexandria Testimony Remains Unshaken.

Time is the best test of truth. Here is an Alexandria story that has stood the test of time. It is a story with a point that will come straight home to many of us.

Mrs. W. J. Whalen, 1103 Prince St., Alexandria, Va., says: "I willingly repeat the statement I gave for Doan's Kidney Pills some time back, as it is all true. I never let an opportunity pass to recommend this remedy Doan's Kidney Pills cured me of a constant pain in the small of my back. After I took them my health was better and I had no more dizzy spells or headaches."

Mrs. Whalen is one of many Alexandria people who have gratefully endorsed Doan's Kidney Pills. If your back aches, if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Whalen had—the remedy backed by home testimony. 50c all stores. YOUR HAIR IS TURNING GREY AND IT MAKES YOU LOOK OLD

This is Not the Time When Old Age is to be Desired

TO KEEP POPULAR KEEP YOUR APPEARANCE OF YOUTH

A young man was surprised to have his application for a position turned down. He was better equipped for the position than the fellow who got it. He discovered that his grey hairs did it. He was "too old" looking. It's the same everywhere. There is no doubt but that grey hair does make a man look old. There's no use waiting another minute—don't lose your position or fail in getting a better one because you are old looking—use Hay's Hair Health now.

Those who are using Hay's Hair Health recommend it to their friends, because it is genuinely good, always restores grey hair to its natural color; destroys dandruff, keeps the scalp clean and healthy. You begin to note the difference at once. The few grey hairs disappear and never return.

Why look old when you are young? Get a bottle of Hay's Hair Health at once, start using it and see what a difference a few applications make.

CUT WIFE'S THROAT.

Baltimorean 64 Years Old, Uses Dull Razor When she Refuses to Live With Him.

Baltimore, Nov. 19.—William Farley, 64 years old, cut the throat of his 43-year-old wife with a dull razor at 6:25 o'clock last evening as she was going upstairs in the home of Mrs. Drusilla Freeze, 2821 Bernard street, Hampden.

Within half an hour Mrs. Farley died of her wounds in St. Luke's Hospital and at 7:45 o'clock policemen arrested Farley on the charge of murder as he stood at the telephone in the saloon of Patrick O'Neill, 1818 Maryland avenue.

The husband and wife had been separated for several days. Farley had come, as he said, to persuade his wife to return home with him though he had sold every piece of housefurnishings he owned. He was under the influence of liquor and had offered to take his wife and Mrs. Freeze to a moving picture theatre. He said that he would give his wife $10 if she would go with him.

But Mrs. Farley would not consent, said she was going to bed and started to mount the stairway to the second floor. He followed her, threw his arms around her neck and said: "You ain't going yet, honey."

He drew a razor from his pocket, slashed her across the throat as he tilted her head to get full sweep. Dull as the razor was, it gashed the windpipe blood vessels and it was regarded as remarkable that she was breathing when she reached the hospital.

SHORN OF HER LOCKS.

Sororities in High School Charged With Hazing.

Atlantic City, N. J., Nov. 19.—A half dozen sororities in the highschool have been guilty of initiation practices just as severe and shocking as those attributed to boys, according to information obtained by the authorities in their investigation of the recent affair in which prospective members of boys' societies were said to have been lashed to tombstones a night and branded on the forehead with iodine.

It developed yesterday that a girl who offered several conflicting explanations to account for the loss of a portion of her hair, was partially shorn as a part of her initiation into one of the exclusive sororities, while another girl, who was unable to attend classes for several days, owed her disability to the fact that she had been forced to dance barefooted on a floor stewn with beans until she was unable to stand.

One of the fraternities, it was learned, shaved the backs of the heads of several boys, a form of discipline that the candidates are said to have suffered with stoical indifference, one of the requirements for full admission.

Lawrence Starr, nephew of Jesse Starr 3d, of Philadelphia, a cottager, who was one of the initiates of "The Bones," and who was compelled to go to a doctor to have the iodine brand removed from his forehead, declared yesterday that part of the initiation took place at his house. Five boys were taken in automobiles to Pleasantville, he said, and there left to walk home at night over a 5-mile stretch of wind-swept meadow.

Richmond Va., Nov. 19.—The Rev. Zebulon S. McFarland, rector of St. Stephen's Episcopal Church, West Hampton, has accepted a call to Rochester, N. Y., to become effective January 1st.

He stated that he tendered his resignation to the vestrymen of St. Stephen's, and that it has been accepted by them. The call came two weeks ago, and Rev. Mr. McFarland visited Rochester last Sunday a week ago.

He will be associated with the Rev. W. A. R. Goodwin, formerly of Petersburg and afterwards rector of Bruton's Parish who located in Rochester, several years ago.

Remedy as Bad as the Disease.

"On the seventh of February I contracted a severe cold followed by cough and final loss of voice. I tried many remedies none of which did me any good. I then went to my family doctor and he swabbed my throat five or six times with some abominable stuff. I think it was beneficial but the remedy was as bad as the disease. At last a thought struck me—why not try Chamberlain's Cough Remedy. I did so and this morning my voice is fairly good and is gradually growing better," writes H. C. Clay, publisher of The Reporter Rapid City, Manitoba. For sale by all dealers.

DISTRESSING ACCIDENT.

Seven Year-old-Boy Run Over by Ocean View Express.

Norfolk, Nov. 19.—Before the eyes of his parents and two little sisters, standing a dozen feet away and powerless to help him, Henry T. Narem, 7-year-old son of Mr. and Mrs. Thomas Narem, was crushed to death under an inbound Ocean View express at Lafayette Boulevard and Avenue St. Denis, a few minutes after 1 o'clock Sunday afternoon.

After their Sunday dinner Mr. and Mrs. Narem locked the door to their cottage, two blocks from the car line and with their three children started to visit friends. Henry T. skipping along happily in front was the life of the party.

As they approached the track a car was seen approaching rapidly from Ocean View. The Narems thought it was the local to Norfolk and hurried their footsteps. Henry dashed ahead of them and crossed the double-tracks running down the Boulevard so as to board the car. The father and mother with the two little girls, four and two years old, were not more than 15 or 20 feet behind Henry. They saw the approaching car was an express and slackened their pace.

Henry, after getting eight or ten feet across the track, saw that his people were not going to cross and started back to them. The car was then within a few feet of him, but the little boy lost his head and stepped over the outside rail. L. F. Holt, the motorman on the car, cut off the current and applied the brakes of the car, which was going about 20 miles an hour as it was not scheduled to stop at that crossing, kept on. Henry was just stepping over the inside rail when the fender struck his legs. His body fell into the net and then rolled under the truck, his clothing caught in the running gear and he was dragged about 100 feet before the car was brought to a stop. The boy's body was mangled below the waist and by the time his grief stricken parents could reach him he was dead.

WHOLE GARRISON KILLED.

Massacre of Federals by Constitutionalists Follows Capture of Victoria.

Brownsville, Tex., Nov. 19.—Every member of the defending Federal garrison was killed before the Constitutionalists finally captured Victoria, capital of the Mexican state of Tamaulipas yesterday.

This report was made to the Constitutionalist headquarters at Matamoros last night by General Pablo Gonzales, who commanded the attacking forces.

General Gonzales described the battle as one of the bloodiest of the present revolution.

The news about the massacre of the garrison is confirmed by another report.

The captured city has a population of 15,000.

SOCIAL STORM BREWING.

"Cabinet Ladies" Cut Wives of Congressmen From Their Calling List.

Washington Nov. 19.—Storm signals are flying in official social circles in Washington as a result of the decision of the "Cabinet ladies" to cut from their calling list the wives of members of the House on the ground that some paring of the overcrowded calendar had to be done at the opening of a busy social season.

The women of the official set now are divided into two camps, and the feud threatens to spread into Governmental quarters.

So many calls in the season, those held to be imperative and those established by precedent, have to be made by the wife of a Cabinet officer that it was regarded as a physical impossibility to extend the list this year.

The decision to cut off the names of the House members' wives was said to have been prompted by the greatly increased membership of the House and the fact that no precedent rendered the calls imperative.

The "Cabinet ladies" have endeavored to hold out the olive branch by assuring the "House ladies" that their names will be on the Cabinet reception days' lists. This has had the effect of further incensing the Congressional women, it is declared, and the social war is being waged merrily.

Augusta Ziemann, a poor gardener's widow, living at Tuchel, Prussia, received word yesterday from the German consulate at Atlanta, Ga., that she was heir to a large part of a $5,000,000 estate, left by a married sister in Chattanooga, named Freeman, who emigrated many years ago. Mrs. Ziemann who is the mother of six children, was on the verge of destitution when the news reached her. Her 18-year-old son will start for Atlanta next week.
